SOFTWARE QA ENGINEER

SUMMARY

- 7+ years of Software Testing experience in all phases of Web/Mobile application testing
- 5+ years Automated Software Testing using WebdriverIO, Pytest, Playwright, Cucumber frameworks in Python and JS
- 4+ years of Healthcare Software Testing
- Excellent understanding of SDLC and Test Methodologies from project definition to post-deployment documentation
- Experienced in Smoke Testing, Integration Testing, System Testing, Regression Testing and UAT
- Extensive experience in automation testing using Selenium WebDriver
- Experienced in writing Test cases, Test plans, designing Test procedures and creating Bug report
- Experience in setting up and carrying out web browser compatibility testing environment with different browsers and versions of Edge, Mozilla Firefox, Google Chrome on different OS like Windows and MAC
- Working experience with defect tracking tools like Jira and Rally
- Developed API testing using Postman and Newman
- Good problem-solving skills and team player with strong communication skills
- Hard-working, detail oriented, self-motivated. Strong critical and creative thinking
- **US Citizen**

TECHNICAL SKILLS

OS Platforms:	Windows, macOS, Android OS, iOS
Programming:	Python, JavaScript, Typescript, SQL, HTML
Test Automation:	Selenium WebDriver, WebdriverIO, Pytest, BrowserStack, Playwright, Cucumber
CI/CD Pipeline:	Azure DevOps, GitHub, Jenkins
Networking:	TCP/IP, FTP, HTTP, Internet, Intranet
Bug Tracking:	Rally, JIRA, Azure DevOps, Test Rail, Zephyr Scale
Technologies:	LaunchDarkly, Figma, Grafana, Swagger

EXPERIENCE

03/2024 - 03/2025 Software QA Engineer, Oak Street Health, Chicago, IL

- Performed Automated UI and functional testing with Selenium Webdriver and Playwright in Typescript and Javascript
- Used Jira to log and close out defects
- Performed GUI, Functional, Positive, Negative, Regression Testing
- Analysis requirements, specifications, and documentation for new projects
- Performed API automation with Python
- Tracked down error logs using Grafana
- Validated test data using gRPC and REST API in Postman
- Performed database validation in SQL and Mongo Databases
- Used Zephyr Scale and TestRail for proper test case execution
- Execution of automated test in CI/CD pipeline using Azure DevOps

03/2021 - 03/2024 Software QA Engineer, Memorial Sloan Kettering Cancer Center, New York, NY

- Performed Automated UI and functional testing with Webdriver IO in JavaScript
- Helped developing Automation Framework using Playwright in Javascript

- Used Rally to log and close out defects
- Developed Requirement Traceability Matrix (RTM) and Test Summary Report (TSR)
- Performed cross-browser compatibility testing in JavaScript using WebdriverIO and BrowserStack
- Review of Documents like Software requirement Specification, Rapid Design Document, High Level Design, Detail Design Document, Acceptance Test Cases, Integration Test Cases, etc.
- Validated test data using API and API automation using axios
- Worked closely with other team members to create Test Plans, Test Cases and Test Scripts
- Participated in Verification, Validation and acceptance testing for developed software

03/2017 – 02/2021

Software QA Engineer, Practical SQA, Los Altos, CA

- Testing of Mobile and Web-based applications, designed by Company
- Participated in daily standup meetings, created reports as needed by the QA lead
- Interacted with Developers to follow up on Defects and Issues. Retested AUT after code release
- Performed Regression Testing at various phases of development life cycle for impacted existing functionality
- Performed Automated tests with Selenium Webdriver in Python using Pytest
- Worked on Agile (SCRUM) Methodology and used JIRA for defect tracking.
- Worked in conjunction with manual testers to convert manual test cases to automation
- Reviewed and analyzed user requirements
- Worked with the team for requirement analysis, test strategy and test plan creation
- Validated test data using API in Postman

EDUCATION

Master's degree in Business Administration (Business Analytics Option), UMass Dartmouth, North Dartmouth, MA

Bachelor's degree in Linguistics, State University, Horlivka, Ukraine
